## THE STATE OF NEW HAMPSHIRE

(L. S.)

*To the Inhabitants of the Town of North Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said town on Tuesday, the tenth day of March next at one of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.
3. To see what action the town will take regarding the accepting of State Aid for roads and appropriate money for the same.
4. To see what action the Town will take in regard to letting the precinct erect a small building for fire apparatus at the lower end of the now unused Cartway from Atlantic Avenue to the lower road to the sea, opposite the Fowler Cottages, and discontinuing so much of such Cartway as is needed for such building.

5. To see what action the Town will take in regard to the renewing of the street light contract and appropriate money for the same.

6. To see what action the Town will take in regard to the extension of street lights on Elm road and appropriate money for the same.

Given under our hands and seal, this 17th day of February, in the year of our Lord, nineteen hundred and thirty-one.

HERMAN L. NORTON,  
JOSHUA F. DRAKE,  
IRVING W. MARSTON,

*Selectmen of North Hampton.*

## REPORT OF LIBRARY TRUSTEES

---

During the past year 108 new books were purchased and of these 95 were fiction. The library now contains about 3100 volumes of which about 1900 are fiction. The list of periodicals provided for the reading room is the same as that of last year.

During the past year the library interior has been painted at a total expense of \$96.95. It is the opinion of the trustees that a complete inventory of the contents of the library should be made, with the idea of discarding such books as seem to be of no further use; otherwise our bookstands may become crowded with superfluous material.

The furnace has been in service for many years and it may become necessary to install new heating equipment before another winter; therefore, we have included in the budget \$300. for this purpose.

The expenses for the past year were as follows:

Salary of Librarian	\$150.00	
New books	145.36	
Magazines	11.25	
Lighting	15.70	
Janitor Service	13.00	
Care of Library Grounds	13.75	
Interior Painting	96.95	
Miscellaneous	24.66	
		<hr/>
Total		\$470.67
Deduct Book Dues		6.58
		<hr/>
Net Expense to Town		\$464.09

We estimate the expenses for the coming year as follows:

Salary of Librarian	\$150.00	
New Books	200.00	
Magazines	15.00	
Fuel and Lighting	75.00	
Insurance	65.00	
Repairs and Miscellaneous	95.00	
New Heating Plant	300.00	
	<hr/>	\$900.00

We therefore recommend that this amount of \$900.00 be appropriated.

EDWARD M. SMITH,  
FRED L. DOW,  
MARGARET B. SEAVEY,  
Trustees.

## SCHOOL REPORT

---

### REPORT OF THE SUPERINTENDENT

To the School Board of North Hampton :

I have the honor to present herewith, my first report as Superintendent of your schools.

That town which keeps its teachers for several years is assured of continuous progress for its school administration and for its pupils. The period of readjustment on the part of pupils and teachers, caused by change of personel, is eliminated. North Hampton has been fortunate in this regard. Four experienced teachers are in charge of your pupils.

Another criterion of success is regular attendance on the part of the pupils. A comparison of the records of the last report with those printed herewith shows a remarkable improvement. Whereas last year's percentages of attendance in the four rooms were 93, 91, 92 and 92, this year they are 96, 97, 97 and 96 respectively. It will be of interest to the citizens of the town that, during the months of November, December and January of the current year a North Hampton school has lead the thirty-five schools of the Union in attendance. This record proves the efficiency of the teachers, the interest of the pupils and the loyalty of the parents. It will also be noticed that the honor roll increased by two. The attendance honor roll contains sixteen names as contrasted with three for the previous year.

Believing that Reading is the foundation of all school progress and that a child's first contact with this subject

must be made through natural interest together with the opportunity for action in response to this interest, a method of Reading has been introduced into the first grades of North Hampton. But one visit to either of these schools is necessary to convince those listening that the pupils are reading and enjoying it. Although this system has been used but part of the year, evidences of a more certain comprehension and a more rapid rate of reading are already observable. I wish the parents of these children would particularly watch the progress of their children in this subject.

The work in Music, under the direction of Mrs. Coombs, is progressing well. Our children are learning to appreciate music and to enjoy singing. These two are, after all, the real objectives in music instruction. If, in addition, the pupils develop the ability to read music both vocal and instrumental, time and money so invested will return substantial dividends in terms of pleasure and character. During the current year rhythm bands have been organized in both schools. We are now looking forward to the time when North Hampton's orchestra already instituted, will develop into one of the major activities of school life.

During the months of February and March our intensive drive to improve spelling is taking place. Special attention is being given this subject in all schools of the supervisory union.

The children of the Center School lack a suitable playground. I understand that a field is available for this purpose. The purchase of this land would avoid the dangers now present, dangers of a divided playground, of a road too near the school and of a common used ball field. The organizations advocating this purchase are seeking an advance in our school equipment.

The efficiency of a school is often judged, justly or otherwise, by the progress of its graduates in higher schools. To get the exact situation in this regard I have secured the ratings of all North Hampton pupils now attending Portsmouth High School. This school takes a large majority of our pupils. The facts follow: On the basis of yearly ranks every pupil is now keeping his work up to class standing. This does not, of course, include the present freshman class where the ranks of the first term only are available. The first term ranks, however, show creditable work and, as an indication of work to come, show our school to be doing good work.

I wish to express to you my appreciation of kindly advice and help received from you as a board. My contacts with pupils, teachers and citizens has been uniformly pleasant.

Respectfully submitted,

ROY W. GILLMORE,  
Superintendent.
